

Mathematics –

White Rose

- **Number – Place Value**
Consolidating our understanding of numbers to 10 through counting, comparing and ordering.
- **Number – Addition and Subtraction**
Using our numbers to 10 to build upon our knowledge especially through fact families and number bonds to support mathematical fluency.

Book we will read this term!

Science

I wonder how school will look in autumn? How do the seasons change? Forest school focus

- What do we wear in different seasons? Children to explore how the weather and temperature changes throughout the seasons.
- Weather**
- Children to explore the different types of weather and make prediction based on their knowledge of the seasons.

English

Key Skills to be Covered:

- Children will recap the sounds they learnt in Reception and apply these sounds to longer words.
- Children will begin to learn sounds from Phase 5.

Writing Opportunities:

- Caption writing
- Poetry Week – children will create Autumn poetry.
- Who am I? Why am I a hero?
- 'Supertato' adjectives.

PSHE

Being in my world

- Children will discuss their rights and responsibilities as a member of their class.
- Children will discuss the choices they make and recognise consequences.
- Children will know their views and contributions are valued.

History

I wonder what my history is?

Children explore their own history and how this differs to others.

Year 1 Term 1 'Superheroes' How am I extraordinary?

Art

I wonder what a self-portrait is?

- Children will explore a variety of artists including Paul Klee to develop their own self-portrait.
- Children will learn new techniques and explore different materials they can use when creating a self-portrait.

Sparkling Start

Exciting new classrooms and time for children to explore and personalise their rooms.

Marvellous Middle

Year 1 will go on a trip to Prospect Field to further explore the seasons and collect Autumn treasures!

Fabulous Finish

Recording a special song to share with parents and carers: '1, 2, 3 - it's good to be me!'

Geography

Where do I live? I wonder where my friends live?

- Children to explore their place in the world, what is important to them and what their house/ location looks like.
- Children to explore the different weather in their locality.
- Discussions around seasons especially through visits to forest school as we transition from summer to autumn.

P.E.
