

## Mathematics – White Rose

### Number – Addition and Subtraction

Building on our learning last term with more of a focus on finding the difference between two numbers, counting backwards and comparing number sentences.

## Reading

### I wonder what my friends like to read?

- Continuation of 'Book Banter' where children have the chance to talk about and discuss their favourite stories and what they love to read.
- Festive texts for reading aloud sessions.

## Science

As we continue with our trips to Forest School we will consolidate our understanding about seasons.

We will focus on a new Science unit next term.

## English

- Children will explore the use of senses in poetry by creating their own bonfire night poem. We will explore the use of onomatopoeia and include these in our poems!
- Through our learning in RE, we will sequence and retell the Nativity and write sentences to support this.

### Key Skills to be Covered

- Segmenting to write words
- Sentence features (capital letter and a full stop).

## PSHE

### Celebrating Difference

Children will explore how everyone is different and why accepting this is important. We will then explore our use of kind words, inclusion and knowing how to give and receive compliments and how this can help us make new friends.

## History

### I wonder why we have fireworks?

- Children to recall key facts about significant events such as Remembrance Day and Guy Fawkes.
- Children will further consider their understanding of timelines as they create a timeline of the key events from the Gunpowder Plot.

## Year 1 Term 2

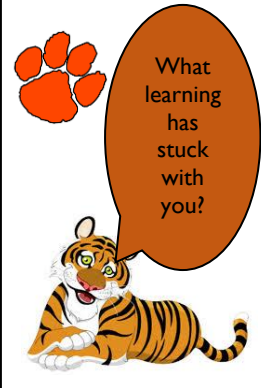

### 'Celebrations'

I wonder how people celebrate differently?

## Art

### I wonder how I can use pattern and colour?

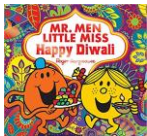

- Children to further explore colour for effect when creating firework and Diwali art.
- Children to consolidate their understanding of colour mixing when exploring Rangoli patterns.
- Children to consider the use of repeating patterns to create their own Rangoli patterns during Diwali Week.

## Religious Education

### I wonder what special days are celebrated in different religions?

How and why do we celebrate sacred and special times? Children to explore Diwali and Christmas as two different religious celebrations.

## Sparkling Start

Edible sparklers – children to make and enjoy a sparkler to kick start our learning on 'Celebrations'.

## Marvellous Middle

Making a diwa lamp as we explore Diwali.

## Fabulous Finish

Performance of our Year 1 Nativity to Parents and Carers.

## P.E.

- Children will explore story telling through dance. Using the theme of the jungle they will develop actions that express friendship and perform with feeling.
- Children will perform actions to nursery rhymes. March in time and move and turn as a group. They will perform in simple rounds with their group.

## Geography

History focus this term...  
Coming soon in Term 3:  
Explorers!

## Computing

### Mouse and keyboard skills

- Children will focus on using the mouse or track pad to select, move and drop objects around the screen.
- Children will find letters and numbers on a key board and begin to type.

## D&T

### I wonder how I can make a clay lamp?

Children to use clay techniques to create their own lamp and apply use of colour mixing to decorate their lamp.

## MFL ¡Hola!

### I wonder how to say hello in Spanish?

- Continuation of our learning of Spanish Greetings.
