

Mathematics

Spring Term White Rose curriculum:

Children will master their skills in Shape, Space and Measure, and apply these to problems.

Keep practising your times tables!

Geography

Plot the course of the Titanic, including the point that it sank, and identify key areas for icebergs.

Science

Icebergs

Year Six will investigate what an iceberg is and why they float but a paperclip sinks.

Electricity: Is electricity discovered or invented?

Children learn the scientific principles of electricity and design a circuit to send a Morse Code S.O.S. message.

Guided Reading

We will explore a diverse range of texts and genres with the realms of Reader's Theatre to expose pupils to a rich diet of reading. *And of course...*

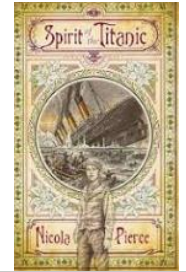

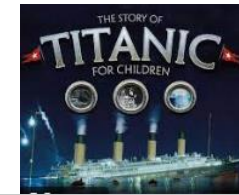

Book Banter every Friday!

English

Titanic

Children will write a recount of a passenger's journey, on board the doomed Titanic. They will be developing their descriptive language and learning how to create suspense, as well as choosing language that helps them create a change of mood.

PSHE

Healthy Me

We will be exploring taking responsibility for our health and well-being, the effects of drugs and exploitation.

Year 6 Term 4

Computing Coding

Children will create a set of instructions, to direct a sprite.

Art

Aligned to our English unit, children will use watercolour paints to create a seascape inspired by the artist Joaquim Sorolla. They will respond to the big question: 'I wonder how to use reflection and transparency to create effect'.

History

Why did the 'unsinkable' Titanic sink?

Pupils will investigate what life was like aboard the Titanic for each of the classes by examining a range of sources and artefacts. Ultimately, children will debate what was to blame for the disaster and explain why so few people survived.

Sparkling Start:

During their school trip to the Imperial War Museum in London, the children will tour the museum's many fascinating exhibits, take part in an interactive workshop, and hear powerful personal stories from wartime veterans.

Marvellous Middle:

S.O.S. Challenge! To enrich their DT skills, the children will work in teams to design a crane to lift lifeboats from the Titanic in order to rescue passengers using their knowledge of pulleys and gears.

Fabulous Finish:

Titanic Tea Dance: Dress up and come aboard the Titanic for her maiden voyage. Celebrate with cakes and dancing.

P.E.

Athletics

Children will work on building stamina, strength, power and agility in a range of track and field events.
