

## Term 5

### Toddler Room

#### 'My Little World'

### Personal, Social and Emotional Development

Children will explore their own self and what they look like and begin to consider differences between themselves and their peers such as skin colour, hair and gender.

### Expressive Arts and Design

Children will explore paint and the marks they can make with various tools including their own fingers and hands. When thinking about colour, they will explore the different colours they can paint with.

### Communication and Language

- As children begin to develop relationships with the adults in the setting, they will be encouraged to develop conversation and share their own interests.
- Children will sing movement rhymes such as 'heads, shoulders, knees and toes' and be encouraged to join in with both the words and actions.

### Sparkling Start

We will explore our setting and begin to build relationships with our grownups.

### Marvellous Middle

We will enjoy our own Harvest in nursery and explore different foods and how they are grown.

### Fabulous Finish

We will enjoy a week of pumpkins and explore them in lots of different ways!

### Physical Development

- As they explore their setting, children will be access lots of construction toys and build independently with a range of resources.
- In the outside area, children will be encouraged to climb with increasing independence.

## Understanding the World

We will explore different materials through a variety of messy and sensory play and use all our senses to investigate them.

We will begin to make connections between the features of our own families and other families, noticing differences between people.

We will explore the changes in our world as it turns from summer to autumn.
