Term 2

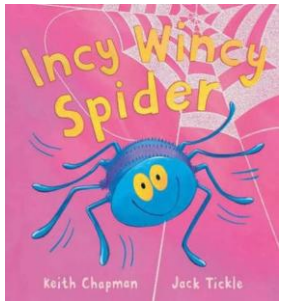

Baby Room

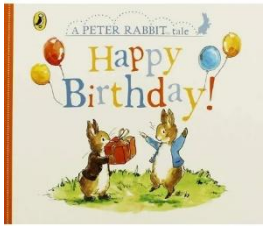

'Joyful Traditions'

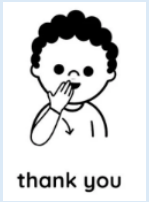

Personal, Social and Emotional Development

- Babies will play with increasing confidence as they know their key worker is nearby as they further build relationships in the baby room.
- Babies will build positive relationships, experience shared joy and learn about kindness and togetherness when celebrating joyful traditions.
    - Celebrate birthdays and nursery 'special days' together (group singing, blowing bubbles and balloons
    - Participate in group sensory activities for Christmas, birthdays and Nursery rhyme Week.
    - Share smiles, claps, and positive reactions during music and light play.

Communication and Language

- Babies will enjoy singing and music as we further explore a variety of nursery rhymes during 'Nursery Rhyme Week'.
- Babies will continue to use gestures such as waving, pointing and simple signs to communicate with the adults in the setting.
- Babies will continue to be encouraged to use single words and more in play.

Physical Development

- Babies will develop fine motor skills through the exploration of different textures, shaking instruments and mark making when making special gifts for parents and carers.
- When exploring different music from a variety of traditions babies will develop their gross motor skills through dancing.
- Children will be encouraged to crawl or toddle towards different light and sound sources when exploring different traditions.

The World Around Us

We will show attention to sounds and music.

We will use our fingers and hands to explore paint as well as other parts of our bodies and different tools.

We will explore our setting and repeat actions that have an effect such as noisy toys.
