

## Mathematics

### White Rose

#### Fractions

*Travelling on a maths journey through fluency, reasoning and problem solving.*

- Adding and subtracting fractions with the same denominator
- Adding and subtracting fractions with different denominators
- Multiplying fractions

## Science

### Space

This term, we will be exploring the mysteries of the cosmos, as the children discover the contents, size and sheer wonder of Space!

## Guided Reading

We will be continuing to explore our new approach to Guided Reading by exploring our topics of Harry Potter and 'Save Our Planet' further – including:

1. Climate Action, Let's save our Planet
2. Forests: Uncover the facts
3. Old Enough to save our planet'

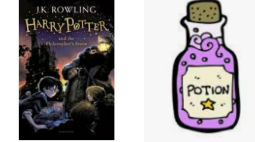

### Weekly Book Banter

## English

- **Harry Potter and the Philosopher Stone tension writing** – We will be writing a tension narrative retelling of a scene in Harry Potter using drama techniques to display the character fantastics throughout.

- **Harry Potter potion ingredients** – We will be designing and inventing our own potion as if we were students in Mr Snape's potion class, writing a clear synopsis of ingredients and drawing what our potion may look like!

- **Letters to our Prime Minister** – In conjunction with our Geography unit 'Save our Planet', we will be writing a persuasive letter to our Prime Minister sharing our concerns about the current state of our planet and ways in which we can improve it.

# Year 5 Term 3

## Art

In conjunction with our Geography topic, children will explore and recreate Environmental Art related to both land and sea.

## Music

Building on the wonderful start we made in our Year 4 ukulele lessons, this term we begin a project about chords: how they are made, the difference between major and minor and how chords can be combined into a sequence and then a song. We look forward to performing for you on guitars at the end of our project.

## PE

### Rugby

Children will participate in basic games of Rugby, using their learnt knowledge and skills in a competitive game showing good sportsmanship.

#### Sparkling Start

Children will have an incredibly exciting opportunity to explore our Term's read, *Harry Potter*, through the medium of a KIC Theatre drama workshop!

#### Marvellous Middle

Unplugged for the day! Children and adults in year 5 will go completely green for the day, learning without the internet or any technology!

#### Fabulous Finish

The children will be invited to showcase their term's learning by creating their own 3D diorama and display!

## Geography

### Save Our Planet

#### Why does our planet need saving?

Examining key contemporary geographic concepts, this unit examines the dangers posed by worldwide issues including climate change and pollution. Children will use the local environment to measure rain fall and temperature, comparing this to records from over the past 50 years. We will share the story book 'Unplugged' to feel inspired about living a life away from technology for a day a getting outside!

## History

'Tudors' coming next Term!

## PSHE

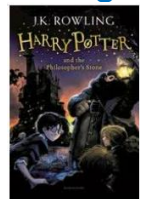

### Dreams and Goals

Using our new whole school approach programme named **Jigsaw**, we are able to access a whole range of fantastic units. **These are some of the topics we will be learning this term:**

- Overcoming disappointments
- Creating new realistic dreams
  - Achieving goals
- Celebrating contributions
  - Positive attitudes

## This term we are reading...

## MFL

Places and Directions

## Computing

Using **ilearn2**, we will be continuing to learn about **App Design**.
