

## Mathematics

### Spring Term White Rose curriculum:

Children have showcased their Maths learning in the SATS in Term 5 and now they will keep their learning ticking over in preparation for secondary school, with a focus on:

- **times tables**
- **methods for the four operations**
- **place value**
- **fractions, decimals and percentages**

## Science

### Living Things

We will continue to explore the characteristics of living things.

## English

### Alma (short animation)

After watching the **spooky, short animation** children will create a **dramatic voice-over** to accompany the trailer.

We will then transform the animation into a **written narrative** - a final extended piece to **showcase our writing skills** from the past year.

## All Things Reading

We will be reading our script for the Year 6 production, practising our expression and learning how to portray character.

*And of course...*

**Book Banter** every Friday!

This term, we will be reaching the conclusion of 'Letters from the Lighthouse' and reading Arthur Ransome's book:

## MFL - French

### 'Read All about it!'

In this transition unit, children get to talk about themselves, their family and their opinions to showcase their learning.

Additionally, **'What a waiter!'** is a humorous role play sketch within a café whereby children have further opportunity to perform.

## DT:

### 'Programming Adventures'

Children will explore how floor robots move so that they can design an adventure map.

# Year 6

## Term 6

## P.E.

### Athletics

Children will develop their athletic skills in preparation for Sports Day.

## PSHE

Children will learn how the human body changes during puberty. Children will explore adult relationships and commitment, including how babies are made. Children will investigate how alcohol, smoking and drugs affect the human body.

## RE

**What difference does it mean to believe in an Ahimsa, Grace and Ummah community?**

Children will learn from different religions and spiritual ways of life through exploring three important ideas from three religions in ways that relate to commitment.

## Sparkling Start:

Children will have the opportunity to research the local impact of WWII with a trip to Whitstable Museum

## Marvellous Middle:

'Sherlock and Cinderella' – we look forward to presenting our year group production on Tuesday 16<sup>th</sup> and Wednesday 17<sup>th</sup> July.

## Fabulous Finish

Time to say goodbye! Children will finally be ready to fly the Joy Lane nest and graduate - get your tissues at the ready!

## Geography

A local study of the school site and the surrounding area to improve knowledge of map symbols, grid references and compass directions.

## Transition to Year 7

We will talk to our Year 6s about what to expect at secondary school, including any worries, and come up with a plan to manage anything that seems difficult - all of this can make changes a lot easier to cope with.
