Personal, Social and Emotional

We will be learning to...

Express preferences and decisions and try new things.

Engage with others through gestures, gaze and talk.

Use that engagement to achieve a goal. For example, gesture towards their cup to say they want a drink.

Be positive and interested in what babies do as they develop their confidence in trying new things.

Help toddlers and young children to make informed choices from a limited range of options., Suggestion: enable children to choose which song to sing from a set of four song cards; enable children to choose whether they want milk or water at snack time.

Find ways of managing transitions, for example, from their parent to their key person.
