## School Closure Information

Dear Parents & Carers

Following last night's announcement regarding school closure, I will ensure that you receive further information by the end of the school day with how we will be supporting the children and their families during school closure.

We are hoping to receive direction from Government regarding key workers' children and how schools will support and, again, will share with you once we have this information.

We have made a social story for the children and families explaining why schools are closing; this will be on our website today and will be shared with children before they come home. They will of course want to read it again with you.

I am sure that by working together we can help reassure the children and one another whilst we keep ourselves safe and healthy.

With kind regards,

Debra Hines
