A Love of Learning, for Life, for All

Oyster Bay Nursery & Oysters SRP (ASD)

Executive Headteacher: Ms DJ Hines

Head of School: Mr M Ashley-Jones

09.09.2020

Dear Parents/Carers

Measles, Chicken Pox and Shingles

Please may we ask for your co-operation in an important matter.

One of our pupils is receiving medical treatment for cancer, which puts them at risk if they are exposed to measles, chicken pox or shingles.

The best way to protect our pupil from measles is for all children at school to be immunized against measles. Please would you discuss measles immunisation with your GP if your child has not received it. If your child is suspected of having measles, you should let us know immediately.

Our pupil is also at risk from chicken pox and would need to be given medication within a few days of contact. If your child is suspected of having chicken pox, you should let us know immediately.

It is also important that you let us know if there is shingles in your household.

Your child is not at risk whatsoever from this situation. However, the health and well-being of our pupil who is at risk, does depend on the co-operation of all other parents and we hope you can help us.

With many thanks

Yours Sincerely

Debra Hines
Executive Headteacher
