*A Love of Learning, for Life, for All*

Oyster Bay Nursery & Oysters SRP (ASD)

Executive Headteacher: Ms DJ Hines

Head of School: Mr M Ashley-Jones

*Friday 11<sup>th</sup> June 2021*

Dear Parents/Carers of Joy Lane Primary School, Oyster Bay Nursery and Oysters SRP,

I am writing to you as we have been advised by Public Health England that there have been two confirmed case of COVID-19 within the school, and as a result, I have had to close our Year 1 and Year 6 group bubbles and will revert to remote home learning for these children. The children who have been in close contact with the individuals who have tested positive for coronavirus (COVID-19) have received a letter informing them that their child must stay at home for 10 days. Year 1 and Year 6 class bubbles will return to school on Monday 21<sup>st</sup> June 2021.

We know that you may find this concerning but we are continuing to monitor the situation and are working closely with Public Health England. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

**[The school remains open and your child should continue to attend as normal if they remain well.](#)**

## **What to do if your child develops symptoms of COVID 19**

If your child develops symptoms of COVID-19, they must not come to school and should remain at home for at least **10 days** from the date when their symptoms appeared. Anyone with symptoms will be eligible for a PCR test (the normally available test type) and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well, must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

Further information is available at: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

The household isolation period includes the day the first person in your household's symptoms started (or the day their test was taken if they did not have symptoms) and the next 10 full days. This means that if, for example, your 10 day isolation period starts on the 15th of the month, your isolation period ends at 23:59 hrs on the 25th and you can return to your normal routine.

Household members should not go to work, school or public areas and exercise should be taken within the home.

If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Joy Lane Primary School  
Joy Lane  
Whitstable  
Kent CT5 4LT

PHONE: 01227 261430  
FAX: 01227 261572  
E-MAIL: [office@joylane.kent.sch.uk](mailto:office@joylane.kent.sch.uk)  
WEBSITE: <http://www.joylane.kent.sch.uk>

Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

## **Symptoms**

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

## **For most people, coronavirus (COVID-19) will be a mild illness.**

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

## **How to stop COVID-19 spreading**

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

### *Do*

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

## **Further Information**

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

Yours sincerely,

*D.J Hines*
